I herewith send a copy of my proceedings suspending the resolution of the Public Health Standing Committee of the Bellary Municipal Council refusing to sanction the continuance of the rat destruction staff for a further period of 6 months from 1-6-1930. Plague has started again in the Western taluks and in the interest of public health the retention of the staff is quite essential. The Chairman, Municipal Council and the Municipal Health Officer recommend that the resolution may be cancelled. I request that the Government may be pleased to cancel the resolution, a copy of which is enclosed.

2. On the last occasion also, the Municipal Council declined to sanction the employment of the rat destruction staff and the resolution of the Municipal Council was cancelled in G.O. No. 484 P.H. dated 5-3-1930.

O r d e r.

The Public Health Standing Committee of the Bellary Municipal Council, at its meeting held on 6-6-1930, has negatived the proposal of the Municipal Health Officer, Bellary for the retention of the rat destruction staff for a period of 6 months from 1-6-1930. The Municipal Health Officer reports that the retention of the staff is quite essential in the interests of public health. Plague has started again in the western taluks of this district. In order to prevent this municipal area from getting infection, the rat destruction work should continue. I, therefore suspend, under the powers vested in me under section 36(2) of the District Municipalities Act, the said resolution and order under Section 37 the retention of the rat destruction establishment for a period of 6 months, the cost of this establishment being met from Municipal funds.
